MISSION

To advance educational equity for Norwalk students by providing academic and enrichment opportunities, a collaborative community, and an inspirational learning environment.

ABOUT HORIZONS AT CT STATE NORWALK

Founded in 2013, Horizons at CT State Norwalk is an affiliate of Horizons National, which serves more than 7,100 children at 71 sites in 20 states. A proven model, Horizons produces a 97% high school graduation rate among its students nationally, with 91% of graduates going on to college or other post-secondary education.

The cornerstone of Horizons at CT State Norwalk is a 6-week, full-day, summer program, providing academic instruction, enrichment opportunities, social emotional education, field trips, mentoring and guidance. Students engage in specials including STEM, music, dance, art, martial arts, swimming, and cooking. Transportation to and from campus, breakfast, lunch, and snack are provided daily to each student.

During the school year, Horizons CTSN offers one on one tutoring, mentorship, social emotional learning after school, parent workshops, and community building events. Our year-round High School Program provides support and resources as students navigate the challenges of high school and college preparation.

To be admitted to our program, our 150 students must be from Norwalk and qualify for free or reduced fee lunch. **All of our programs are tuition free.**

EVENT

Horizons at CT State Norwalk is pleased to host Waves of Change: A Benefit Concert.

The event will attract 250 tastemakers mainly from the Rowayton, Darien, New Canaan and Westport communities.

The evening will include sunset cocktails on the Pearl Oyster Boat, full bar, standing dinner followed by an exciting performance from the well known band Roctopus accompanied by a live and silent auction.

Guests will be encouraged to arrive in festive cocktail attire.

Since 2022, the Horizons Board has built event programming that has continued to sell out in hours upon marketing their programming and we anticipate the same for this event!

All funds raised support programming for our 150 under-resourced students and their families.

Horizons at CT State Norwalk makes a 14-year commitment to each student and their family, promising to provide quality out of school time programming. Horizons at CTSN positively impacts the academic trajectory of our students, while helping them build confidence in a safe and nurturing environment.
